PREPARATORY DEPARTMENT.

This Department is designed to fit students for the College classes, and is under the supervision of the Faculty. It is also designed to meet the wants of students not taking the regular course. Instruction will be given in all the branches usually taught in our High Schools and Academies.

Students in this Department may be fitted for teaching or for general business.

COURSE OF STUDY PREPARATORY FOR COLLEGE.

To enter upon this course, students should have a fair knowledge of the common English branches, and United States History.

GREEK—Harmony of the Gospels.
ENGLISH—Ray's Algebra, Second Part.

The following are some of the other Text Books used in this Department.

Wright's Orthography, Sanders' Speller and Analysis, Willson's, Sanders', and McGuffey's Readers, Ray's and Eaton's Arithmetics, Warren's Series of Geographies, Wells' Science of Common Things, Cowdery's Moral Lessons, Wickersham's Methods of Instruction, Greene's Grammars.

SCIENTIFIC AND LADIES' DEPARTMENT.

The course of study for these Departments is the same. Gentlemen and Ladies recite in the same classes.

The Ladies' Department is under the immediate direction of the Principal of the Department, who will, under the supervision of the Faculty, make all needful regulations.

It is designed to furnish such advantages for mental, moral, and physical culture as shall best fit young ladies to discharge, honorably and successfully, the duties of any sphere in which they may be called to act. The preparatory studies for entering upon the Ladies' course, are the common English branches and United States History.

TEACHERS' DEPARTMENT.

The increasing demand for well-qualified teachers in our Public Schools, and the large number of pupils who engage in teaching have led the Trustees to provide such instruction as shall best meet this demand.

Especial instruction in methods of teaching, and thorough drill in common branches, will be given every fall term.

A two-years course of study has been arranged with special reference to those who wish to become successful teachers.

EXAMINATIONS.

In all the Departments, classes will be examined in connection with the review, on the completion of any particular branch of study.

A permanent record is kept of the attendance, promptness, average standing in study, and general deportment of each student. This record is accessible to patrons at any time.

OPTIONAL STUDIES.

Students not taking a regular course, may pursue such studies as they may select, with the approval of the Faculty.

DEGREES AND DIPLOMAS.

Those who finish the Classical course will receive the Degree of *Bachelor of Arts.*

Those who finish the Scientific course, *Bachelor of Science.*

Those who finish the Ladies' or Teachers' course, will receive *Diplomas.* Those who pursue special courses may receive Diplomas on the completion of any Department of Science.

LIBRARY, CABINET, &c.

A Library is being gathered, numbering now more than 1,200 volumes. Valuable collections for a Geological Cabinet have been made and systematically arranged.

A beginning has been made in the purchase of Philosophical and Electrical apparatus.

ADMISSION.

Students of known immoral character will not be admitted, and when the presence of any student becomes injurious to the school, or unprofitable to himself, he may be privately dismissed, publicly reprimanded, or expelled.

Strangers must be recommended by persons well known, or bring testimonials of good character, from some minister of the Gospel, or other person of good standing in the community. *None under fourteen years of age will be received, except by special arrangement.*

LECTURES.

Practical Lectures will be given on such subjects as may be deemed of importance, during each term, by members of the Faculty. During the Fall term, Lectures will be delivered on Methods of Teaching, School Government Essential to Success in Teaching, etc. During the Spring term there will be general lectures on the subject of Physiology and Hygiene.

RELIGIOUS INSTRUCTION.

It is the aim of the Trustees and Faculty, to give the youth who come here, a *Christian* Education, at the same time giving no occasion for the charge of sectarianism.

It is the design to so administer the government of the College as to aid in *thorough intellectual culture*, and more especially to develop that manhood and womanhood which shall fit our students for the responsibilities of life.

Students are invited, but not required, to attend Students' Prayer Meeting, and to join some Bible class.

To such as are old enough to value an education, and to study profitably at their rooms, we offer facilities for education not usually found in the West. Tabor College is in a village free from *drinking saloons*, containing a few hundred inhabitants, a large majority of whom are professing Christians, and is thus free from many temptations found in larger places; yet it is not a *reform school*, nor adapted to accommodate those who are not disposed to avoid evil influences.

There is a Religious Lecture before the Students every Wednesday, P. M.

LOCATION.

Tabor is pleasantly situated upon high, rolling prairie, in the northern part of Fremont county, eight miles east of Bartlett, a station on the C. B. & St. Joe. R. R., and seven miles south of Hillsdale, or Loudon, on the B. & M. R. R., with which it is connected by a daily stage.

MANUAL LABOR.

The Trustees, believing that intellectual vigor is promoted by proper physical culture, desire to encourage manual labor among the students, while they do not pledge themselves to furnish remunerative labor; hitherto, most of those who have desired such labor have found it in the village.

MUSIC.

Instruction in both vocal and instrumental music is given each term to all who desire it. The Department of Instrumental Music is under the control of a thoroughly qualified teacher. The Professorship of music will be filled at the beginning of the next year.

EXPENSES.

It is the design to keep expenses as low as possible, so as to bring a thorough education within the reach of the masses.

Tuition, per term	$6.50 to $ 8.50
Incidental charges, per term	1.00
Vocal Music for two months	2.00
Instrumental Music	10.00
Use of Instrument per term, one hour each day	2.00
French or German	4.00
Drawing	4.00
Oil Painting	10.00
Table Board, per week	2.50
Room-rent at the Hall, per week, for each student	50
Heat for a room will cost, per week, about	1.00

Faithful students have generally been able to pay expenses, wholly or in part, by labor.

Tuition, incidental charges, and room rent, must be settled *in advance*—no deduction being made in tuition for less than half a term, except in cases of protracted sickness.

Board must be settled monthly or weekly, in advance.

LADIES' EDUCATIONAL SOCIETY.

This Society aids worthy young ladies in acquiring an education, by loans of money without interest.

BOARDING HALL.

Students may find rooms at the Hall, furnished with bedstead, straw-tick, table, wash-stand, and chairs; they will supply what other furniture they need, *except by special arrangement.* Gentlemen rooming elsewhere can find table board at the Hall.

GENERAL REGULATIONS.

Only such regulations exist as are believed to be best for students; the principal ones are comprised in the following statement:

Students are to observe the common rules of morality and propriety, attend chapel prayers, recitations, and lectures before students, attend church once on the Sabbath, observe study hours so as not to interfere with the studies of others, and select boarding places with the approval of the Faculty. Students are *not* to use *intoxicating drinks* or *tobacco*, play at cards, or attend dancing parties; are not to travel on the Sabbath; are not to be out of their rooms—ladies after 7 1-2, and gentlemen after 9 o'clock P. M.—except at such meetings as they are permitted to attend, and on recreation evenings; are not to visit those of the other sex at their private rooms. Gentlemen are to visit ladies, members of the College, only Saturday P. M., and on recreation evenings.
